The Steady 260 is fast, fun and safe.

With its simulated sponson design the Steady 260 is extremely stable and has a class leading carrying capacity of 285kg. The design also incorporates safety lines and moulded rests for the oars.

These qualities make the Steady 260 an ideal tender, and with its generous engine capacity of 6hp, a fast, fun and safe children's boat. Approved by Det Norske Veritas and CE accredited.
